

STATEMENT OF PURPOSE

The Catholic Children's Society (Westminster) (CCS) is a faith based charity established in 1859 in response to the poverty and deprivation experienced by children in the Catholic Diocese of Westminster. For 100 years, from the mid-19th century, our work primarily focused on provision of residential care and we were known as the Crusade of Rescue. It then moved to family based care, in line with changing patterns in social welfare. CCS became a registered Adoption Agency in 1948. Following rebranding in 2018, the service changed its name to Pathways, Post Adoption and Aftercare.

CCS's geographical area comprises the London boroughs north of the River Thames, the Borough of Spelthorne and the County of Hertfordshire, and we have in the past operated as the Adoption Agency for the Diocese of Brentwood, covering the County of Essex.

CCS's role has changed over time but the ethos remains the same – to provide services to children within the Diocese of Westminster, of all faiths and of none, and from all cultural backgrounds, who are experiencing emotional and relational deprivation. We also continue to work with adults whose lives we were involved with as children.

Our aim is to promote the value of Catholic social welfare and social justice by providing social care and support services to vulnerable children. Expansion of community support services began in the 1970's as our residential homes closed. These services range from Family Centres to therapeutic services, and schools counselling, as well as providing ongoing support and advice to the adoptive families, approved by CCS, via the adoption support service provided by our Pathways, Post Adoption and Aftercare Team.

Historically, CCS provided services and support to parents who wished to place their children for adoption and to families who were seeking to adopt. In common with other Voluntary Adoption Agencies this changed to placing children from the Local Authority care system for whom the plan had been agreed as Adoption. CCS ceased to recruit and assess prospective adoptive parents in December 2008. The last adoption order was made in September 2011. We de-registered as a Voluntary Adoption Agency and registered with Ofsted as an Adoption Support Agency on the 10th February 2012. (SC441470). CCS continues to hold the records of over 6,000 adoptions we had been involved with historically, and to offer a service to these adopted adults and their birth and adoptive families. We also offered support to those adoptive families with children under the age of 18 for whom we are the Appropriate Adoption Agency (AAA) or where CCS approved the adoptive parents but the child came from Local Authority care. As of April 2019, we have no cases of children under 18 for whom we are the AAA.

Membership of the South East Post Adoption Network (SEPAN) provides an opportunity to keep up to date with developments in the field in terms of practice and legislation.

Complaints Procedure

CCS has a Comments, Compliments and Complaints procedure. Information about this is sent out to each new enquirer. The leaflet contains information about how to contact Ofsted.

Staff are supervised regularly by their line manager.

Service information is reviewed at least annually and adapted as appropriate.

CCS is committed to quality assurance. Service users are either given a questionnaire when they are seen by a member of the team (Access to Records) or sent a questionnaire when a case is closed.
